

Wallcovering Care & Cleaning

Regular vacuuming or a soft dry brush are recommended for our delicate fiber wallcoverings.

For additional cleaning, please contact an experienced professional.

If you require spot cleaning, we are happy to provide you with a large sample of your pattern for testing purposes.

It is important to remember that our wallcoverings are made from delicate fibers, and therefore any water based solutions are not recommended.

If you have any questions, please feel free to call us directly.
